Subject: Re: Rockland Letter

The letter does apply to the new mine site under mineral lease ML 45717. I wrote #85 on the letter in error. There was some confusion because DOGM originally lumped the new proposal with the old mine permit. Please note that the current DOGM permit number for this project S/015/090.

Thank you for the SHPO letter about Rockland, but I have a question. Someone has written S/015/085 on it, and that's the number of the "old" mine next to Miracle Rock. Was this letter about their new exploration site and mine?

S/015/090
